

Lift Works, Inc. is committed to the health and safety of our customers, vendors, employees and their families. We continue to monitor the rapidly changing COVID-19 (coronavirus) outbreak, along with the guidelines and safety information released by the Centers for Disease Control and Prevention (CDC), Illinois Department of Public Health (IDPH) and Cook County Department of Public Health.

We will continue to rely on these subject matter experts to provide us with guidance going forward, and depending upon the direction provided, will adapt our approach as necessary.

As previously communicated, in order to help limit the spread of the virus, Lift Works, Inc. has implemented an accelerated cleaning regimen at all facilities and on all our equipment. We are being proactive spraying our machines with disinfectant. High-traffic areas including counters, handrails, doorknobs and drinking fountains are cleaned throughout the day.

Lift Works, Inc. is continuing to operate as normal. We are focused on delivering your equipment and providing services needed to get your job done. We are in no doubt very confident in our ability to meet your demands and do not anticipate any issues supplying products and services to your facilities and jobsites.

Lastly, as our delivery drivers and service technicians visit your locations to service or drop off/pick up equipment, please let us know if there any specific unique instructions or policies your company may have put in place for COVID-19 so that we can be best prepared to cooperate with your employees and policies.

In the meantime, we advise everyone to protect others and stay home when they are sick, wash hands frequently with soap and warm water (20 seconds), and cover coughs and sneezes. Please contact your healthcare provider immediately if you think you have been exposed to COVID-19 and develop a fever and symptoms of respiratory illness, such as a cough or difficulty breathing.

The health and safety of our participants, guests and staff have always been and continue to be our highest priority.

More information about COVID-19 (coronavirus) is available at [cookcountypublichealth.org](https://www.cookcountypublichealth.org) and [dph.illinois.gov](https://dph.illinois.gov).
