

Customer Portal

Lift Works, Inc. *new* Customer Portal can improve the level of communication with our customers and provide you with unparalleled access to information that will help you make important business decisions. As a powerful Customer Relationship Management tool, our Customer Portal allows for 24/7 Internet interactivity between *Lift Works, Inc.* and our customers.

Customer Portal provides live data to our customers. You will be able to view and *print your existing contracts and invoices*, view your balances and payment details, as well as see our available inventory and your current rate information.

Benefits to Your Company:

- **Building Stronger Customer Relations**
Portal is a powerful tool for our customers, giving your the ability to manage your accounts and access vital information anytime you need it.
- **Inquiries**
Gives our customers the ability to review contracts, invoices, balances and payment details, product availability, applicable rates, and more. Powerful inquiries can list all items available to rent, display items with rates that pertain to our customer, and print a rental analysis report for project management.
- **Point-and-Click Navigation**
Portal is easy to use. It utilizes standard Internet functions, so it does not require any further training to navigate effectively.
- **Account Management**
Gives customers the power to control and manage your own job sites. You can create, maintain and close job sites, ensuring a successful project life cycle is kept. Customers have the capability of adding as many users as they want to their Portal account. Each user can be given specified access levels as to which functions they are authorized to use.
